- It does get cold at the end of the night – listed above is a warm jumper we strongly recommend that even if the sun has been shining all day, that this is brought every week – Scouts can take layers off if they are hot, they cant put them on if they are cold.
- We don't recommend Scouts bring any electrical devices or valuable to Barton Island – 2nd Beeston takes no responsibility for any lost/stolen or damaged items
- If any medications such as inhalers/EpiPen's are brought to the meeting please include these and ensure they are clearly labelled and contained in a zip-seal bag to help with waterproofing.
- Most Scouts bring insect repellent – there are lots of bugs and mozzys at the Island!
