Chairman's Report January 2025 - March 2026

My report for the year shows once again we are maintaining high standards of achievement throughout the group thanks to our outstanding leadership team. By reading all the leadership reports you will catch up in detail on what has happened during the year, please take the time to do so. I must mention the R.N gala at H.M.S Raleigh which we sent a team too and for a second year in a row won the overall Gala. This cannot be overstated what an achievement this is so well done to all the people involved.

Once again Barton Island has been that place of enormous joy and endless work with opportunities for the whole group Explorers down to Beavers to enjoy time there at least once during the year. Once again these opportunities fall to a small number of our hard working volunteers to make it work. If you can lend a hand I urge you to do so for the sake of all our young people. If you have not been to Barton Island before, if the opportunity arises please grab it with both hands, words will never explain the attraction and having been there, maybe you will want to go back and help in whatever you have skills in.

The new H.Q. Another tortures year with the planning authorities and I know this has just happened but finally we have planning permission (June 2026) and we can move on to the funders. It seems never ending but finally we can move on

I need to pay tribute to all the wonderful people who raise funds for the group to provide all the necessary equipment etc. required to make the group work to the high standard expected of a Royal Navy recognised Group. R.N. groups are not elitist but just maintain high standards to the benefit of all our young people and the pride of our fantastic band of leaders. We also still try to be a big part in the community. We as scouts feel that is where we need to be, at the heart of our community. I am pleased to say 2nd Beeston continues to move in the right direction which is of huge importance, if things do not grow decline is inevitable. I put this thought in last year which I think is well worth repeating

'As well as giving the young people in the future amazing opportunities, I feel I've also personally benefited from volunteering. It's really rewarding for me and I feel I've achieved something great, it could make you feel great also, give it a try.

Looking forward to seeing you at the AGM on the 25th September 2026.

**Pete Treagus.
Chairman**
